SOUND

- * Three DIs
- * Three instrumental mics, one vocal mic
- * Two wireless headset mics (provided by KC)
- * Two clipping mics on Tre tram (provided by KC)

For all instruments, the sound effects are normal (mid ranged), except the **Tre tram**: sounds are very low, like the bass drum

LIGHTS

- * Good, general wash light from front, back, and side
- * For non-theatrical setting such as schools or festival stages, house lights will be acceptable

STAGE

- * Minimum wide: 5m or 16ft /deep: 3m or 10ft
- * Shaded stage for outside performance, no direct sun light to the musical instruments

STAGE LAYOUT (KC requires minimum 60min sound check for a full concert)
